A review from a recent Bub to One Graduate

"I first met Tanya in July 2012 when we had our maternity shoot. My husband is a bit 'blokey' and thought I was crazy booking professional photos so late in my pregnancy. But Tanya's friendly smile and light-hearted nature immediately put us at ease. She has since captured the first and second year of my son's life on camera and I couldn't be more pleased. From the intricate details of Bailey as a newborn to the cherished love between him and his grandmother, its all there. As Bailey grew bigger she developed a great rapport with him. She always manages to get those smiles out of him somehow!

Tanya always has creative and fun ideas for props, sets and poses, which has given us great memories to look back on for years to come. We now have an amazing record of Bailey's first year, which I will always treasure.

From when I first contacted Tanya by email, through the booking changes, all the shoots, disc deliveries and print orders, she has been efficient and professional. Working with her is a pleasure.

What can I say about One Moment One Time Photography? Nothing short of fantastic!"
